

# YOUR BUSINESS IS *Personal*

Yeah, you read that right. A lot of companies like to say business isn't personal. At Elevate, we think a little differently. Your business - and ours - is made up of people, hardworking people, who call this corner of Colorado home. So, for us, business really is personal.

That's why we want you to meet Jason Martin. He's your personal business representative here at Elevate Internet. His job is to get to know you and your team of employees, understand your business goals, and offer advanced communications solutions that let you run your business your way - whether it's just you or you and 500 other employees. Give him a call so you can schedule your FREE business consultation today.

## *Local* **TEAM**

Of course, Jason isn't the only person here to support your business. Our team is 100% local, meaning we're here when you need us. Plus, delivering the best internet and phone to our fellow local businesses means we support the success of more local businesses, more job opportunities, and continued economic growth throughout Montrose and Delta counties. And when we say we guarantee you a 4-hour repair response time, we mean it; from Montrose to Crawford and anywhere in between.
